In the *2019 Health Care Provider Fee Schedule & Billing Instructions*, there was an omission on page 14 under "Materials and Supplies". The last sentence in the section should read:

"Materials and Supplies provided during a hospital inpatient stay, hospital outpatient treatment or surgery, or emergency room visit shall be reimbursed based on the appropriate hospital ratio."

This change is retroactive to January 1, 2019. I apologize for any inconvenience this may have caused.

If you have any questions, please feel free to contact me.
